# Flexible payment solutions for the technology you need

## Why Technology Rotation?\*

**Pay for a period of time to access technology with option to purchase**

### **Lifecycle management**

Quickly deploy and pay for the use of the equipment, not ownership - Choice at the end of the cycle, and contribution to the circular economy and sustainability goals

### **Lower costs**

Operationalize technology expenses and minimize hardware, IT management and support costs with no upfront investment and savings over time

### **Multiple structures**

Predictable, easy to budget payments can be structured to align with forecasted growth, planned projects or to simplify payments for bundled solutions

## Why Technology Ownership?\*

**Spread the cost of ownership over the useful life of the technology**

### **Simple structures**

Simple finance structure that makes it easy to budget and plan for spreading costs of ownership over time

### **Improve cash flow**

Remove the burden of expensive up front costs for IT acquisition and preserves cash for other investments

### **Complete solutions**

Provides affordable technology acquisition through budgeted payments for ownership of hardware, software and services
